Ms. Hedrick,

Please see below and the attached documents. The equipment and methods being used to test the water are described.

Additionally, American Water is seeking additional mobile lab support for testing water sample from those that have this capability.

Very Respectfully,

NATIONAL WARN NOTICE - WIDE DISTRIBUTION

Many of you have likely seen reporting on the chemical spill in Charleston, WV which has impacted the drinking water for the American Water's treatment and distribution systems.

I received a request from American Water that they are seeking additional mobile lab support that can run samples for decision making support as they begin to take actions to clear the system.

The method and equipment specifications are attached.

Equipment - ThermoFisher GC/MS unit utilizes SM 524. The attached files includes the protocol utilized by Eastman, the chemical producer.

If you have this capability please contact [Ex. 6 - Personal Privacy] American Water, for further details and logistical arrangements.
